

## **Interested in reducing energy costs, operational costs & carbon output? All with NO Capital Expenditure?**

**Carbon Force** provides a fully funded, turnkey energy and carbon reduction solution.

We build energy centres, powered by renewable energy sources, that replace old fossil fuel powered energy systems.

Our turnkey solution includes : Survey, design, procurement, installation, commission and long term maintenance, all on a fully managed basis.

**Carbon Force** works with major asset owners, occupiers and operators to decarbonise their buildings/businesses and to ensure they unlock their maximum possible energy and operational savings.

Working with our funding partners and working through the government backed Renewable Heat Incentive scheme Carbon Force gets paid by the government, based on low carbon energy being produced, by the newly installed energy centre.

**Carbon Force** will typically achieve OLD to NEW energy cost reduction of 30- 50% to your benefit with ZERO capital investment from your business

# BENEFITS TO YOUR BUSINESS

- Energy cost savings of up to 50%
- Zero Maintenance Costs for the duration of the contract  
Carbon Emission Reduction of 50-100%
- Protection against Carbon Taxes
- Guaranteed & Immediate Savings -  
Using Best in Breed technologies
- Operational Enhancements - state of the Art  
Technology delivering better, cleaner performance
- Turnkey Service- we handle everything from A-Z
- ZERO Capital outlay from your business

# THE TIME IS **NOW!**

- Government backed Renewable Heat Incentive [RHI] in place until March 2021
- Now is the time to protect your business against carbon taxes and energy cost inflation
- Historically systems were too expensive- our funded model means zero capital Investment with immediate returns
- Today we have the exclusive rights to the very best renewable heat technology and the capabilities to deliver large multi-MW Energy Centres
- We have an in-depth knowledge of how energy procurement works guaranteeing lowest cost energy at all time
- Our unique Intellectual Property and advanced software allows us to deliver energy and carbon reductions that until now was impossible

**ACT NOW...**

**NOW IS THE TIME TO UNLOCK THE GREEN IN YOUR BUSINESS**

# KEY STAFF PROFILES

## Ruairi Walsh – Commercial Director & Co-Founder

Ruairi wears many hats, chief amongst them is Commercial Director of Carbon Force UK. His extensive background in the refrigeration industry makes him uniquely placed to deliver the technology to save on your company energy & operation costs, while decreasing the carbon output, making your company a leader in your field.
