

PITA & MCP Management Training present. . . .
“Maintenance Planning and Scheduling”
24th & 25th May 2022 / MCP Training Centre, Solihull

Ron has over 35 years of consultancy and training experience, working with teams tasked with developing new solutions that meet challenging objectives to successfully achieve KPI targets and implement sustainable change.

A result focused and commercially oriented professional with an operational and technical background in Manufacturing, Maintenance and Engineering, Ron has held senior positions within global organisations across a variety of industry sectors from Automotive, Defence and Aerospace to Pharmaceutical, Food and Beverage, Consumer Products and Financial Services.

Course Overview:

Maintenance Planning and Scheduling is designed to provide an understanding of the principles associated with work management including Preventive maintenance, Predictive maintenance, Corrective work and repairs, Maintenance projects and refurbishments

This course is designed for anyone assigned the responsibility for planning work with a maintenance environment, this will include: Maintenance Managers, Planners, Work Managers, Project Managers, Maintenance and Production Supervisors and Team Leaders.

What will I learn?

This course provides the basis for implementing effective and efficient work planning. During the course delegates will be able to develop a process map for their site's work management process. On completion of the course delegates will be capable of revising their current practices and understand:

- The importance of work planning within an asset care strategy
- Effective work management
- Analysis of workload performance
- Planning and Scheduling as a process
- Work identification and prioritisation
- Backlog management
- Assignment and execution
- Work history recording, measurement and reporting

What are the benefits?

Delegates will be capable of reviewing and revising their in-house approach to work management. Each delegate will develop a process map for their sites work management process. Outline action plans will be encouraged. Delegates will also learn how to identify opportunities for improvement.

Upon completion you will receive a City & Guilds Accreditation Certificate.

**Only £700 (plus VAT) per person, including full course notes
& six months complimentary membership of PITA**
